Community Impact Projects & Programs By Bold Goal

Our Bold Goals are our community's collective vision for how to make our region even stronger for everyone who calls it home. Helping families and individuals in poverty requires more than treating symptoms, it requires a total systems change to tackle the root causes of societal problems.

Through our Bold Goals initiative and collaborative efforts, our community can come together to align resources and solve the problems no single donor, organization, or government agency can accomplish alone. Together, we make our communities more vibrant and successful. It's not about short-term charity, it's about lasting change.

BOLD GOAL 1: SUCCESSFUL CHILDREN
